Faculty of Engineering and Applied Science
Term Adjunct Position
Winter Term 2018

Posting Date: October 14, 2017
Closing Date: October 30, 2017

The Faculty of Engineering and Applied Science at Queen’s University invites applications from suitably qualified candidates interested in teaching the following first year undergraduate course in the 2017/18 Winter Term.

APSC 171 Calculus I (Winter 2018)
Section 900 (Extended Program)
January 1 to February 28, 2018

Qualifications:

Minimum of M.Sc. in Mathematics, or related field. Previous teaching experience at the University level considered an asset. Previous educational background and/or experience must be suited to teaching the courses described below. Candidates must have excellent communication and presentation skills, as well as being capable of working as a member of a teaching team.

Course Description:
APSC 171 Calculus I (*Section 900 – Winter 2018)
Functions, limits, derivatives; optimization, rate problems, exponentials, logarithms, inverse trigonometric functions; exponential growth as an example of a differential equation. Fundamental Theorem of Calculus, Riemann integral; applications to problems involving areas, volumes, mass, charge, work, etc. Some integration techniques.

*APSC 171 Section 900 is a special 6 week long version of the major fall term course. The Section 900 Program is designed to give those students who have academic difficulties in their first year in Applied Science a second chance at some of the courses thereby allowing the student to recover and proceed into second year with a clear record. It can also be used by students to improve their overall average and to retain scholarships.

Expected Enrolment (subject to change): 80 students

Definitions:

Program and Course Symbols and Codes can be found here

The above course will be taught on campus. Extended program classes begin January 15, 2018 for Fall courses, and end February 16, 2018. The extended program examination period is February 19-23, 2018.

NOTE: Faculty Regulation (14) Supplemental Examinations.
The University invites applications from all qualified individuals. Queen’s is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, Aboriginal people, persons with disabilities, and LGBTQ persons. All qualified candidates are encouraged to apply; however, Canadians and permanent residents of Canada will be given priority.

Academic staff at Queen’s University are governed by a collective agreement between QUFA, and Queen’s University. http://www.queensu.ca/facultyrelations/faculty-librarians-and-archivists/queens-qufa-collective-agreement

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during the interview process, please contact engineering.hr@queensu.ca or Julia Higginson, Assistant to the Adjunct Appointments Committee, (613) 533-6000 ext 75282.

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/permanent residents of Canada. Applicants need not identify their country of origin or citizenship, however, all applications must include one of the following statements: I am a Canadian citizen/permanent resident of Canada; OR, I am not a Canadian citizen/permanent resident of Canada. Applications that do not include this information will be deemed incomplete.

Applications should include a complete and current curriculum vitae, a statement of teaching experience, the names and contact details of two referees who may be contacted, and any other relevant materials the candidate wishes to submit for consideration. Applications can be submitted to the Engineering and Applied Science Term Adjunct Appointments Committee at the address below, or by e-mail to engineering.hr@queensu.ca. Applications should arrive no later than October 30, 2017.
